Here are some edits and comments. I spoke to Mike and Enrique this morning because I got a heads up call from Robert Edmonson (COS of Pelosi) that today they will be requesting an OIG audit of both Navy and EPA (press release will come out too). I added a bullet for this at the end.

Enrique reviewed this and asked us to send this for final review before it is due to Amy Friday COB. Brianna has already reviewed it too. We'd appreciate comments by Noon tomorrow. It is largely based on Enrique's presentation at the Supervisor's hearing (attached for reference).
